Internal Rods: Stainless steel

Float: Stainless Steel

Part Number—
PO-(size opening)-(overfill warning level)-(list options)
Sample—OF-2-8-S3

What it is:

Top mounted pop up gauge that can measure from 6 inches to 76 inches in Length. Bushing size can be 2" or 1.5". Gauges are custom made in house to fit your application. Most Overfill Alert Gauges are between 6 inches and 12 inches. They are designed to pop up at a specific level (usually 90 percent) and warn you that the tank is almost full. Provides visual overfill warning.

Additional Options:

Audible Alarm Accessory: This add on feature can turn your mechanical gauge into an audible Hi or Lo level alarm.

Gauge Guard: A cover that protects the exposed plastic components on top of the gauge.

Material Choices and Limitations:

Standard choices are listed on picture to the left.

Some options such as stainless rods, stainless floats, and plastic rods will limit the sizes available.

Replacement Parts

OFGALN-Kit- Repair Kit includes everything above the bushing. Including the glass calibration, Aluminum locking nut, Viton gaskets, and the red indicator.
